

Helping Hands

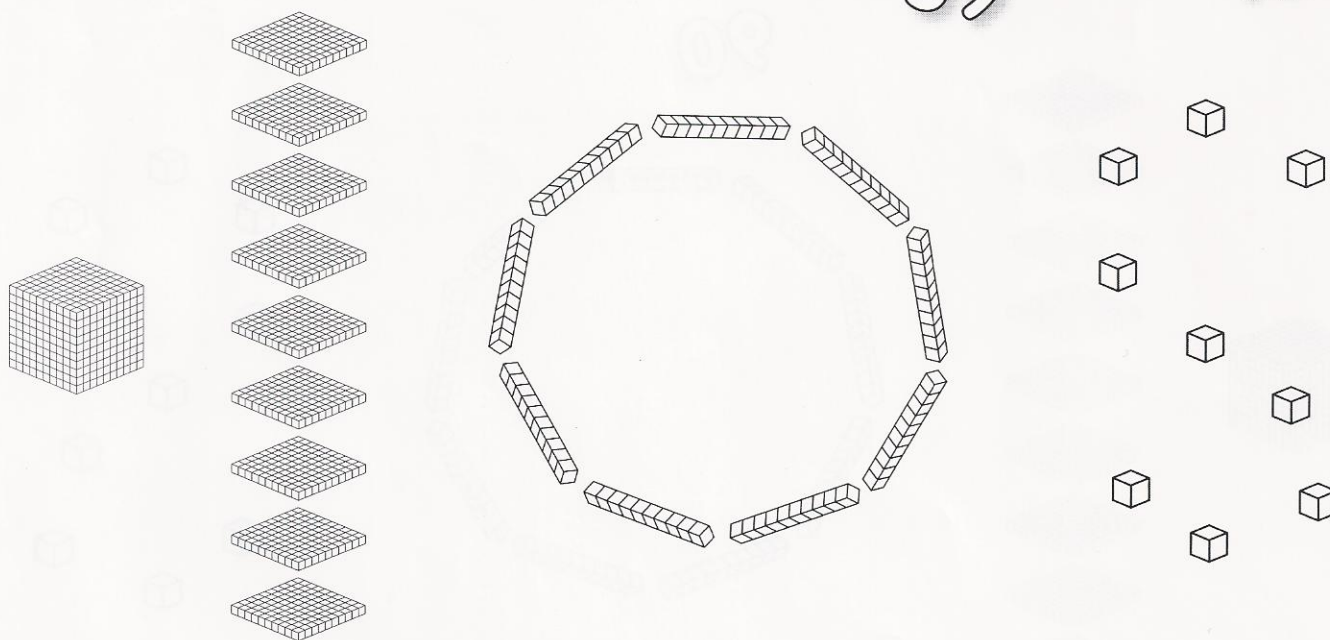

Start

Get 11 squares. Get a . Use the flat end to tap on the blocks. Take turns.

Try

Choose a number on the activity page. Do not tell your partner the number. Use your pencil to tap on the place value blocks to show that number. Ask your partner to point to your number and say it in expanded form. Cover the number with a square. Repeat until all of the numbers are covered.

463 691 974 503 1,000
822 218 382 770
59 100

Try Again

This time, make up your own number up to 1,000. Tap on the place value blocks to show that number. Ask your partner to say your number.
